Formed in 1988, Lincoln’s Specialty Care (LSC) is a cooperative effort of the Lincoln Chamber of Commerce and the Lincoln Medical Community to promote Lincoln’s wide array of medical resources to Greater Nebraska and bordering areas of surrounding states. Lincoln’s Specialty Care obtains funding through Lincoln hospitals, health care facilities and participating physician specialists. Our goal is twofold; first, to establish Lincoln as the preferred referral center for these outlying areas, and second, to provide resources that facilitate those referrals.

Please contact us to update physician information, including photos. Changes can be made to our website (www.lincolndocs.com) throughout the year. The physicians and health care facilities listed above represent those that have invested in Lincoln’s Specialty Care and its mission. Physician investors are designated with a box around their photo throughout this directory. Lincoln Orthopaedic Center (LOC) opened its doors in 1948, making us the most established orthopedic practice in the Lincoln area. With all of the changes within the last 70 years, one thing has remained constant—You can always count on LOC to provide the highest quality care in orthopaedics and sports medicine.

Lincoln has certainly grown, and so has LOC. With the addition of our surgery center, we are now able to perform surgeries in our outpatient facility that were recently only possible in a hospital environment.
